

Reduce Time and Labour Cost — The Quik Drive Advantage

Maximise your fastening efficiency on a broad range of applications from decking and siding to roofing and steel framing and everything in-between.

Simpson Strong-Tie's Quik Drive Auto-Feed Screw Driving Systems feature quick loading yellow strip screws, precise countersink adjustment, and a patented auto advance mechanism. This enables you to improve the quality and speed of your work while reducing wastage and money spent on the job.

- Ergonomic and Health and Safety benefits — Extensions allow stand-up driving for appropriate applications, making work less stressful on the back, shoulders and knees.
- Precise self-locking depth adjustments allow for consistent fastener drive depth.
- Collated Quik Drive fastener strips are engineered to hold screws away from the surface and not scratch the jobsite materials.
- QuikLock™ coupling allows for easy assembly and dis-assembly
- Unique design limits jamming of the collated screw strip
- Easy to clean and maintain
- Large range of screws to suit a diverse range of applications
- Driver bit(s) supplied with every box of collated screws
- Compatible with most major manufacturers' screwdriver motors.

Look for the yellow strip. Your guarantee of quality and performance from **Genuine Quik Drive Fasteners.**
