

# QUIK DRIVE® PRO200G2

## Auto-Feed System for Plasterboard

With the Simpson Strong-Tie® Quik Drive® PRO200 Auto-Feed System, installing plasterboard is fast and easy. The PRO200 auto-feed attachment fits most depth-sensitive screw guns, including Makita models 6831-6835. Its slim profile makes it easy to drive into corners, while the tool's precise, self-locking depth adjustment ensures consistent screw depth. A range of 6g and 8g (3.5-4.2mm) screws suitable for plaster-board are available for the PRO200 system.

### FEATURES:

- Compact body for reduced weight and easy handling
- Slim profile enables driving in corners
- Smooth nose will not mark plasterboard surface
- Rigid strip collation prevents jamming
- Adaptors available to fit most corded screw guns and Makita and Hitachi impact drivers
- Easy to clean

Look for the yellow strip to ensure you're getting high-quality Quik Drive® fasteners.

### System Includes:

- Quik Drive® PRO200G2 Auto-Feed Magazine
- Phillips and square drive bits
- Convenient carrying case
- System model number is PRO200G2

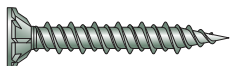

Adaptors\* and extension sold separately.

\*Adaptors available for Bosch®, Makita®, Hitachi®, Milwaukee® and DeWalt® screw guns
