SSBFHSD

316 Stainless Steel Bi-Metal Screw

Simpson Strong-Tie has expanded its line of decking screws with the introduction of the SSBFHSD series. These fasteners are ideal for fixing timber decking-to-steel joists. SSBFHSD 316 stainless steel bi-metal screws require no pre-drilling, making them easier and faster to install than typical decking screws.

Quik Drive® Collated

Model No.	Size	Diameter (mm)	Length (mm)	Thread	Point	Finish	Ctn Qty	PRO 250
